

STAMFORD VANITY NIGHT LIGHT

The Stamford vanity collections now offer an optional Night Light feature for models with **aluminum channels** (Black, Polished, Satin and Satin Brass).

Pricing and Ordering:

Add the Night Light as a separate line item at a list price of \$95 per strip.
For example, a two-drawer cabinet (-02) requires two strips, totaling $\$95 \times 2 = \190 .
Additional examples are provided below.

Coding:

Add a 3rd line item, using the same vanity configuration.
For example, 24" vanity with 2-drawers will be coded NL24-02. See more examples below.

Electrical Requirements:

Requires an electrical outlet, preferably behind the cabinet (follow local electrical codes).
The outlet can be connected to an on/off light switch or an LED dimmer.
Alternativley, you can install a Smart-Plug for remote operation (with or without a dimmer option).

Features:

The light teperature is soft white (3000K). The LED strip is dimmable*.
*Note: A dimmer switch or a smart plug with dimming capability is required - NOT PROVIDED.

Example 1:

You are ordering a Stamford Wall Hung 2-doors with optional Night Light

Line 1: SI24-20WM This is the code for the vanity.
Line 2: C24-20SB This is the code for the Satin Brass aluminum channel.
Line 3: NL24-20 This is the code for the Night Light. List price for Line 3 is \$95 (1 strip @ \$95 each).

Example 2:

You are ordering a Stamford Wall Hung 2-doors and 4-drawers with optional Night Light

Line 1: SIT48-24LM This is the code for the vanity.
Line 2: CT48-24SB This is the code for the Satin Brass aluminum channel.
Line 3: NL48-24 This is the code for the Night Light. List price for Line 3 is \$285 (3 strips @ \$95 each).
